Subject: Planning an Affiliate Event Blog Post
Attachments: Message.htm

Dear Biophysics Week Affiliate Event Organizer,

The Biophysical Society is so grateful to have engaged members like you, who participated in educating, advocating, and promoting the field of biophysics during Biophysics Week. To further highlight Biophysics Week and encourage more members to host events, I am reaching out to see if you would be interested in writing a blog post about organizing an affiliate event.

If you are interested in writing a blog post or require more information, please contact Ellen Weiss (EWeiss@biophysics.org<mailto:EWeiss@biophysics.org>).

Thanks!

Best,
Raelle Reid
