

2022  
**rbc**  
REGIONAL  
BIOPHYSICS  
CONFERENCE

Pécs, Hungary  
22–26 August, 2022  
[rbc2022.hu](http://rbc2022.hu)

#### Scientific Topics

- Cell and tissue mechanics
- Membrane and ion channel biophysics
- BioImaging
- Protein biophysics
- Molecular spectroscopy
- Nanoscale biophysics and material sciences
- Systems biology, bioinformatics, computer modelling
- Biomedical application and neurosciences

The Regional Biophysics Conference is a traditional scientific symposium established by the biophysical societies of Austria, Croatia, Hungary, Italy, Serbia, Slovakia and Slovenia. RBC is open to and welcomes biophysicists from all over the world.

The event is the combined meeting of the Regional Biophysics Conference 2022 and the XXVIII. Congress of the Hungarian Biophysical Society.

Join RBC2022 and share your enthusiasm for biophysics with colleagues.

Organized by the

HUNGARIAN  
BIOPHYSICAL  
SOCIETY
